JAKE CONGRATULATES HIS BOSS ROBINSON

Brooklyn Captain Says He Had No Designs on Job Now Held by Wilbert.

JACK DOYLE A MAGNATE

With Andy Coakley He Acquires Ownership of Asbury in Atlantic League.

The first man to congratulate Wilbert Robinson when the announcement was made that he had signed for three years to pilot the Brooklyns was Jake Daubert. captain of the club.

A lot of writers and most of the publie had me entirely wrong." said Daubert yesterday in discussing Robinson's long term appointment. "I never had managerial designs of any kind, Mr. Ebbets can youch for the truth of this. "It will be time enough for me to

think of trying my managerial hand when I have come to the end of my rope as a player. I am under contract to Brooklyn for five more years. At the end of that time I will know a whole lot more about baseball than I do now. In the meantime I am going to do my level best for Wilbert Robinson, the club "Naturally, all of us are ambitious if

"Naturally, all of us are ambitious if we amount to anything. But my ambition as yet has not taken any managerial trend. There have been too many striking examples of failure by young fellows who took a chance on more than they could handle. Hal Chase and Jake Stahl furnish good ilustrations. Chase's play when leader of the New York Americans was affected by this added responsibility. So was that of Stahl some years ago when he assumed charge of Washington. Later Stahl made good with the Boston when he assumed charge of which the Boston Later Stahl made good with the Boston Red Sox, but then he was much older and more experienced than when with the

enators.
"Every player on the Brooklyn club is with Robinson heart and soul. He is a fine fellow and thoroughly competent to get the very best results out of the ma-terial on hand. Brooklyn is not going to finish in the ruck for him, take it from me. We have a much better club from me. We have a much better club than our present position would indicate. We have had a great deal of bad luck in illness and injuries so far, and the club has not hit anywhere near its normal form. But in splite of this our club, in seventh place, is only nine full games behind the pacemaking Giant champions. The race is still young, with the real fight ahead. The field is so well bunched 'that any second division tenant has a chance to be up among the leaders inside a month."

Friends of Robinson are delighted with

Friends of Robinson are delighted with Charles H. Ebbets for the decisive man-Charles H. Ebbets for the decisive man-ner in which he expressed his faith in his manager. That Robinson knows both the game and how to handle players all of his rivals admit—John J. McGraw in particu-lar. No one knows better how to develop young pitchers. A proof is the sterling performance of Pfeffer, big recruit from one of the obscure leasues.

Doyle, the billiard impresario, John Doyle, the billiard impresario, has east his strength with organized base-ball in the fight against the Federals. John and Andy Coakley have purchased the Asbury Park franchise of the Atlantic League, which embraces also Long Branch, Perth Amboy, Paterson, Pough-keepsic, Newburgh and Danbury. Coakley is pitching and managing the club.

Manager Coakley predicts a whole lot of trouble for his rivals from now on. He looks for great results from what is perhaps the greatest novelty of base-ball—twin brother performers on the same Coakley found this oddity in Joe and Tom O'Brien, well known to follow-Joe is an outfielder and Tom is

the sympathies of the public through their rowdy tactics in the last half of the late series with the world's champions. It was bad enough for Grifith to forfeit

a game to Connie Mack. That, in Ban Johnson's league, involved automatic sus-pension for him and a fine of \$1,000. But when Chick Gandil deliberately tried to hit Umpire Chili with the ball because he dis-agreed with a ruling the absolute limit of lawlessness was reached. Such hot headedness smacks of the rowdy days before the advent of the American League.

In the meantime a new element has en tered the lists on the side of Griffith. John Henry, the Washington catcher, is a vice-president of the Baseball Players Fra-In this capacity he has notified Mr. Johnson that he must discharge Ollie Chill, who forfeited the game to Philadelphia. It will be interesting to note how much attention the Big Czar will pay to such an ultimatum.

The freternity has carried on in rather a

high handed fashion this season because of the presence of the Federal League. Man-agers have found it hard to maintain a semblance of ordinary discipline. President Fultz of the players' union has been accused of serving in the capacity of lawyer in framing the Federal League form of tract. Between the independents and fraternity organized baseball has been put in a position where it must declare itself to save its face.

HIGH'S CLUTCH SAVES TIGERS.

Goes Out to Fing Pole for Graney's Long Drive.

June 28 .- The Detroit Tigers took to-day's game from the Naps by a score of 6 to 4. Blanding, who opened on the mound for the visitors, was driven from the box after two-thirds of an inning, in which four runs scored on as mnay hits, two errors and two passes. In the Naps' half of the ninth, with two down and the two on that would have tied the score, Grancy lifted a high one to deep centre which would have been good for the circuit had not Hughie High grabbed it near the flagpole after a hard run. A 400 gait in the Federal Leagus.

Of the sixteen big league players who have taken part in most double plays, ten are first basemen, a condition quite logical considering the nature of double plays. They are Burns (Detroit), McInnis, Gandii, Leary, Hoblitzell, Chase, Schmidt, Saier, Merkie and Jack Miller. The players of other positions are Bush. Cutshaw, Maranville, Yerkes, Pratt and Evers.

Maranville had forty-six fielding chances in the six games with the Glants and accepted forty-three of them. He averaged a fraction over seven accepted chances a game. Bescher snared twenty fly balls in the series.

HALL AND INMAN ADD **UPSET TO LONG LIST**

Defeat Touchard and Washburn, Eastern Doubles Champions, at Knollwood Courts.

FINAL MATCH UNFINISHED

Make Late Start and Drizzle Interrupts With First Set Standing 10-All.

WHITE PLAINS, N. Y., June 28 .- Walter Merrill Hall and Frederick C. Inman added one more to the long list of form reversals in sport this season when they defeated Gustave F. Couchard and Watson M. Washburn, Eastern doubles champions, in the semi-final round of the men's invitation doubles lawn tennis tournament at the Knollwood Country Club here today. The winners, who have no official rating as a doubles team, outplayed their

opponents, who appear third in the national ranking list, and won in straight sets at 9-7, 6-4.

One of the most surprising features of the match was the superior team work of the winning pair. It was expected that Touchard and Washburn, who played together practically all of last season, would play in much better harmony, for the other men have played together very other men have played together very little. Hall did the best work of the four. He covered his court well and made

four. He covered his court well and made many pretty placement shots.

Lyle E. Mahan and Charles M. Bull, Jr., came through to the final round in the lower half, defeating Dr. Howard Mixsell and Harry Parker in the first round at \$5-6, 6-4, and Leonard Beekman and Allen Tobey in the semi-final at 6-3, 3-6, 6-4. Neither Mahan nor Bull showed any remarkable tennis but they were just enough better than their one were just enough better than their op-

ponents to win.

Although there were only six teams entered, the tournament had to go unfinished, for play in the final round was not started until after 5 o'clock. The teams fought along on even terms until 10-all was reached, when a hait had to be called on account of the rain. The date for the playing of the final match has not yet been decided upon. The summaries:

VELODROME RACES GO OVER. Clarke Most Popular, Though Without Championship Points.

weekly bleycles races. Casar Moretti, the Italian sprinter, who landed in this country only yesterday, was to have faced Joe Fogler, the six day plusger, in a match race of one mile heats. Moretti looks rather heavy for a racing man and he will need considerable training. He has been taking it easy this spring and summer because of a fall in Paris which resulted in a broken wrist.

Rain has played havoc with the champlonship races, both professional and amateur, as it caused a postponement of a five mile pro title event last night at Brighton Beach and of a one mile pro and a one mile amateur event yesterday at Newark. The leaders in the champlonship table now are Frank Kramer, the American title holder, with 13 points; Walter Goillett, the Austrian, with 6. Jackle Clarke, who has been a championship contender for several years, has not been in a final yet and has not a single point. Carke, though, is leading in a popularity voting contest in Newark and will probably win the automobile offered as the prize. The race was between him and Kramer, the cites was between him and Kramer. Clarke was leading by about 30,000. The voting has ceased and the counting expected to be concluded to-day.

NEWARK WINS IN DRIZZLE.

allahan's Single Settles Rochester in Tenth Inning.

NEWARK, June 28.-Newark won, 3 to in a ten inning game with the Hustlers this afternoon. The last seven innings were played in a drizzling rain and as the field had become a morass the second half of what was to have been a double header was declared off by the umpires. In the tenth with two out Newark won when Willie Zimmerman worked Hughes for a pass, stole second and tallied on Leo Callahan's single to right centre. The

MOTORISTS ANNOYED BY JERSEY METHODS

One Man Arrested for Speeding Complains of Way He Was Heckled.

BOAT SHORTENS JOURNEY

Half Hourly Ferries Between Clason and College Points Big Time Saver.

An organized movement is on foot among members of several automobile clubs in New York, New Jersey, Pennsylvania and Maryland to urge Motor Vehicle Commissioner Lippincott of New Jersey to make changes in the system of arresting motorists who break the speed laws of that State. These motorists have no objection to the laws or the enforce. ment of them, but what they do object to is the "cat and mouse" method used to en-tice motorists to break the laws, as they

tice motorists to break the laws, as they claim has been done.

One of the motorists who was thus arrested last Sunday told of his experiences in this way: "I believe I have reason to be incensed at the backwoods treatment accorded me by two New Jersey State inspectors who exercised their craftiness in the section which lies between Ledgewood and Lake Hopatcons. I have never been arrested before for speeding and have always lived up to the law, but human endurance can be taxed to its utsmost if pushed in a way like that exercised most if pushed in a way like that exercise by the two inspectors who arrested me for speeding.

"These men were garbed in citizens" clothes and drove their car behind mine in such a way as to indicate that they wanted me to speed. Several times they blew their horn as if to pass me and when I pulled to one side they did not go ahead, but kept directly behind, literally pushing me to that annoying stage where there was nothing else for me to do but to increase my speed and get out of their way. Then I was stopped and was told that I was exceeding the speed limit and arrenfollowed.

followed.

"This method is enough to make any motorist desire to break speed laws to get out of the way of the annoyance of the inspectors, and if Commissioner Lippincott does not know about this practice over motorist, as well as others who because motorist. every motorist, as well as others who be-lieve in fairness to users of the highway, should inform him to stop the contemptible and uncalled for practice. Another thing: The inspectors should wear uni-forms or else have their cars marked in such a way that they can be distinguished as inspectors' cars. Much better work can be done by treating motorists by far rather than sneaky methods."

Motorists desirous of reaching Flushing, Jamaica, Hempstead, Mincola and other places on Long Island by a short route from upper Manhattan. The Bronx and points in Westchester county may use the "point to point" ferry which has been operating for the past three summers between Clason Point, The Bronx and College Point, Queens, The 216 mile beds. between Clason Point, The Bronx and College Point, Queens. The 2½ mile boulevard known as Clason Point road has just been paved with asphalt and the roads on both sides are now in good condition. Attoists going to and from the races at Aqueduct find this trip a saving in time. The automobile ferry steamer Queensboro is making half hourly trips from each side, 6:30 A. M. to 6:30 P. M. From the foot of North Tenth street, College Point, the boat leaves every half hour from 6:45 A. M. to 6:45 P. M. Sundays the schedule is from 8 A. M. to 8 P. M.
